Applicants are advised that their conduct before and after submitting their application to an Allied Health or Nursing program will be considered in the admission process. Conduct derogatory to the morals or standing of the Departments of Allied Health and Nursing may be reason for denial of admission or dismissal from the program. Irresponsible behavior or conduct denoting questionable moral character will include, but not necessarily be limited to the following:

- criminal activities - e.g. DUI, misdemeanors, felonies
- substance abuse - e.g. manufacture, use, distribution, positive results on drug screen
- cheating/dishonesty
- harassment
- domestic violence
- discrimination
- breach of patient confidentiality

Students are advised that their conduct while students both on and off campus could result in dismissal from the program.

NOTE: Disclosure of a criminal record does not automatically disqualify you from admission consideration.

DRUG AND ALCOHOL TESTING

Southern West Virginia Community and Technical College’s Allied Health and Nursing programs have adopted and enforces a Drug and Alcohol policy for all participants in its clinical programs. The Departments of Allied Health and Nursing require students to submit to a drug test upon acceptance to the program may require random testing if a reasonable suspicion or cause occurs. in addition, the Departments of Allied Health and Nursing may impose random drug testing for students undergoing treatment and/or rehabilitation for substance abuse.

This policy also prohibits the use, possession, transportation, sale or distribution of alcohol or other non-medically prescribed controlled substances in the College or during college sponsored functions or activities. It further prohibits students from attending class or other college sponsored functions or activities while under the influence of alcohol or other non-medically prescribed controlled substances. The terms “College” and “college sponsored functions” broadly include the College premises, classes, parking lots, field trips, clinical rotations and facilities and all situations where a student is representing the College in their capacity as a student.

The College expects excellence in the performance of all its students. All prescriptive drugs must be disclosed to the program coordinator upon admission to the program and throughout the duration of enrollment. The College reserves the right to review a student’s drug or controlled substance use occurring outside the College or College sponsored functions to the extent that such use affects the student’s class or clinical performance or adversely impacts the College in any way. If the College initiates such a review, the results may include disciplinary action, up to and including expulsion.

Please contact the Department Chair of Allied Health and Nursing if you have any questions concerning this policy

IMPORTANT NOTICE
The West Virginia Office of Emergency Medical Services may deny eligibility to take certification examination to individuals who have been convicted of a felony or misdemeanor and persons with drug/chemical dependency.
