

## Associate in Science

60 Credit Hours

Students planning to earn a baccalaureate degree at a four-year institution may complete the first two years at Southern West Virginia Community and Technical College by earning the Associate in Science degree.

A student may attend full-time (12 hours or more per trimester) or part-time (less than 12 hours per trimester) to complete the Associate in Science degree. Classes are offered day and evening. After meeting all the prerequisites, a fulltime student can complete the degree in four or five trimesters and a part time student can complete in six or seven trimesters. The program is delivered in various formats. Students may take traditional, online or blended courses.
