

Agriculture

Associate in Applied Science

60 Credit Hours

Purpose

The Agriculture program was developed in response to state and local for training needs for skilled workers in agriculture. Agriculture provides a number of career pathways including: agribusiness, horticulture, crop production, aquaponics, precision agriculture, and Ag education. Students will be introduced to the basic concepts of agriculture and then select electives to customize their specific skills sets to career goals. The program's flexible curriculum can adapt quickly to provide the ultimate in training.
