

## **Nursing**

The mission of Southern West Virginia Community & Technical College's Nursing Program is to prepare students for professional nursing practice while providing a knowledge base for career mobility and further academic study. The program is committed to providing accessible, high-quality nursing education to meet the diverse and changing healthcare needs of the community and beyond.

### **1. Nursing Judgment**

Make judgments in practice, substantiated with evidence, that integrate nursing science in the provision of safe, quality care and that promote the health of patients within a family and community context.

- Generate safe and effective patient-centered care using the nursing process.
- Incorporate effective communication strategies to reduce risk and injuries in the healthcare environment.

### **2. Professional Identity, A.A.S.**

Implement one's role as a nurse in ways that reflect integrity, responsibility, ethical practices, and an evolving identity as a nurse committed to evidence-based practice, caring, advocacy, and safe, quality care for diverse patients within a family and community context.

- Create caring relationships with patients and support systems consistent with NLN Competencies and the West Virginia RN Board.
- Evaluate the utilization of healthcare system resources to efficiently and effectively manage care.

### **3. Spirit of Inquiry, A.A.S.**

Examine the evidence that underlies clinical nursing practice to challenge the status quo, question underlying assumptions, and offer new insights to improve the quality of care for patients, families, and communities.

- Integrate current best practices to plan and implement safe and effective patient care.

### **4. Human Flourishing, A.A.S.**

Advocate for patients and families in ways that promote their self-determination, integrity, and ongoing growth as human beings.

- Collaborate with the patient or designee to plan and provide nursing care that respects the patient's individual values and needs
