

Paramedic Science

The mission of the Paramedic Science Program at Southern West Virginia Community and Technical College is to provide competent, qualified entry-level EMS personnel to meet the needs of current and future agencies in and around southern West Virginia.

The Vision of the Paramedic Science Program at Southern West Virginia Community and Technical College will be the leader in southern West Virginia. The EMS students will become the leaders to help West Virginia emergency services grow and prosper into the ever-changing

PROGRAM GOALS MINIMUM EXPECTATIONS

“To prepare competent entry-level Paramedics in the cognitive (knowledge), psychomotor (skills), and affective (behavior) learning domains with or without exit points at the Advanced Emergency Medical Technician and/or Emergency Medical Technician, and/or Emergency Medical Responder levels.” **CAAHEP Standard II.C.**
